This form is only for whistleblower reprisal claims related to education funds provided through the American Recovery and Reinvestment Act (ARRA) of 2009. This Act provides protection from reprisal only to *non-federal* employees who report gross mismanagement, waste, fraud, abuse, danger or public health or safety, or violation of law, rule, or regulation, *connected to the use of ARRA funds*. Please complete this form in as much detail as possible and submit via e-mail, fax, or by mail.

7. Briefly summarize whether and how you were discharged, demoted, or otherwise discriminated against as a result of the disclosure(s) reported above:

The Federal Communications Commission ("FCC") -E-Rate federally funded Program is the commonly used name for the Schools and Libraries Program of the Universal Service Fund, which is **administered by the Universal Service Administrative Company ("USAC") under the direction, rules and regulations of the FCC Federal Officials**.

The Universal Service Administrative Company ("USAC") is an independent, not-for-profit corporation designated by the FCC as the administrator of universal service. USAC's mission is to collect, distribute, and work to protect the integrity of universal service. We promote program compliance and inform and educate Congress, the FCC, program audiences, and the general public about universal service.

The program provides discounts to assist most schools and libraries in the United States (and U.S. territories) to obtain affordable telecommunications and Internet access. It is one of four support programs funded through a Universal Service fee charged to companies that provide interstate and/or international telecommunications services.

Specifically the FCC/E-Rate Federally funded Programs schools and Libraries Program supports connectivity - the conduit or pipeline for communications using telecommunications services and/or the Internet. Funding is requested under four categories of service: telecommunications services, Internet access, internal connections, and basic maintenance of internal connections. Discounts for support depend on the level of poverty and the urban/rural status of the population served and range from 20% to 90% of the costs of eligible services. Eligible schools, school districts and libraries may apply individually or as part of a consortium.

Applicants must provide additional resources including end-user equipment (e.g., computers, telephones, etc.), software, professional development, and the other elements that are necessary to utilize the connectivity funded by the Schools and Libraries Program.

On or about April 9, 2009, after the enactment of HB-56/HB-658 Anti-Civil Rights and Anti-Immigrant Rights under the FCC/E-Rate Federally funded Programs, I was "wrongly suspended" and later "illegally terminated" for voicing my views and engaging in protest efforts to stop and halt GOP State Officials and other Parisian Public Employees for "illegally conspiring" in (a) civil rights abuses, (b) confidential rights violations, (c) USCIS immigration rights infractions, (d) Title IX wage and benefits frauds, (e) **resume frauds under the FCC/E-Rate Technical and Engineering Service and STEM ("science, technology, engineering and mathematic") careers and vocations**. Accountants and auditors believed that they had legitimate interest in expanding its influence in the STEM careers by illegally becoming engineering managers and supervisors due to corrupted merit system and personnel laws enforced by anti-science GOP and Tea Party State Officials

This form is only for whistleblower reprisal claims related to education funds provided through the American Recovery and Reinvestment Act (ARRA) of 2009. This Act provides protection from reprisal only to *non-federal* employees who report gross mismanagement, waste, fraud, abuse, danger or public health or safety, or violation of law, rule, or regulation, *connected to the use of ARRA funds*. Please complete this form in as much detail as possible and submit via e-mail, fax, or by mail.

8. Who took the actions described above against you?

....The persons and agencies previously listed and named in question #7.

9. Provide the date of your disclosures and the dates of all actions taken against you.

These civil rights abuses and civil liberty violations stated on or about June 15, 2005 shortly after the I filed a formal internal complaint and latter I also filed a federal lawsuit concerning these ongoing retaliation, discrimination and non-compliance violations . These same civil rights abuse are presently still ongoing as on today ("May 16, 2014")

10. Have you previously reported the above information to any other person or organization (Comptroller general, Equal Employment Opportunity Commission, a State or regulatory agency, another Law Enforcement agency, etc): If so, who did you report it to?

Yes,

11. If the answer to 11 is yes, when was this report made?

I started reporting many of these abuses and violations to the EEOC in 2005, and my last report to the EEOC was on or about April 4, 2014.

12. Please summarize any additional information you would like to provide:

*Under the FCC/E-rate Internet and Broadband Programs, I have alleged that GOP Officials and their Telecom Business Associates have knowingly made false statements and fraudulent claims to the **FCC Telecommunication Officials**, in order to gain "**ten-of-million**" of dollars from the **FCC/ E-rate Broadband Technology Opportunities Program**. The broadband program was enacted to promote economic development in state of Alabama schools and libraries and especially rural communities with limited or no access to broadband internet.*

***Specifically under FCC/E-Rate Federally Funded Program** , I have repeatedly alleged that GOP Officials and their Telecom Business Associates falsely represented that Wiregrass areas of Alabama with include affluent white communities and cities was an underserved area, even though there are a "plethora" of service providers eagerly and readily available in this affluent and mostly white Republican Community .*

This form is only for whistleblower reprisal claims related to education funds provided through the American Recovery and Reinvestment Act (ARRA) of 2009. This Act provides protection from reprisal only to *non-federal* employees who report gross mismanagement, waste, fraud, abuse, danger or public health or safety, or violation of law, rule, or regulation, *connected to the use of ARRA funds*. Please complete this form in as much detail as possible and submit via e-mail, fax, or by mail.

Under FCC/E-Rate and Alabama's Black Belt Projects,, I have also alleged that these GOP Officials and their Associates "wrongly diverted" FCC/E-Rate Broadband Funds from a truly underserved and economic disadvantage area region by undermining conspiracy abuses such as (1) *delaying environmental permits and ecology studies and* (2) *allocating grant funds to an un-capitalized and high risk federal contractors.*

Pursuant to FCC/E-Rate False Claim Act ("FCA") Provisions, after communicating with Federal Regulators, and alleging fraud, waste, misuse, gross violations of the law, gross mismanagement and gross misrepresentation activities, I was wrongly denied re-employment rights, job references and other public benefits. Due also to my whistleblowing activities, I have been summarily blacklisted from the engineering professional by GOP and Tea Party State Officials.

Specifically under the OFCCP's AAP and Executive Order 11246 rules and regulations, I have alleged that you and your GOP officials were steering non-whites and disabled individuals into lower-paying, "soft skill and non-tech" jobs while white Caucasian males were directed into higher-paying "heavy skill and high-tech jobs" – regardless of the respective worker's qualifications, and the hiring managers at the Commission used inconsistent and subjective practices to favor one group over another based on race, color, religion, sex and national origin

According to FCC/ E-Rate Broadband Programs and Initiatives and OFCCP Affirmative Action Plan("AAP ") Programs , there have been a number of unfit and untrained white OJT-GED graduates and non-degreed engineers who have and/or were employment in state service as EPA's engineers, scientists and technical supervisor and managers, but Black , Hispanic and Women employees and HBCU graduates were repeatedly told that they could not participate in these high-tech and high wage job., and GOP State Officials have ***"knowingly failed"*** to comply with ***FCC-E-Rate and Title VI Civil Rights Compliance Obligations***

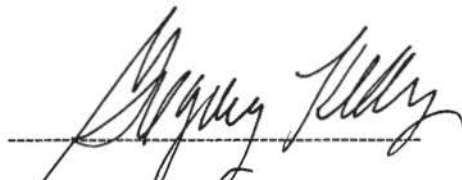

In the state of Alabama School Districts pursuant to FCC's E-rate Broadband and Internet federally funded program, I have alleged and assured during the period from 2002- 2013 that you and other GOP State officials and school administrators have/are " knowingly conspiring : "

- ***to defraud and rig the competitive bidding of E-Rate contracts***
- ***subverting the competitive bidding processes for E-Rate contracts through pay-to-play frauds, and the provision of gratuities, including meals, trips, and tickets, to school district representatives in violation of school district policies or rules and E-Rate Program rules***
- ***deceptive acts and unjust enrichment from E-Rate contracts received as a result of violations of the competitive bidding processes, and***
- ***willingly complicit in giving aid for outdated technology, and ongoing negligent staffing acts under the FCC's E-Rate federally funded Program***

This form is only for whistleblower reprisal claims related to education funds provided through the American Recovery and Reinvestment Act (ARRA) of 2009. Please complete this form in as much detail as possible and submit via e-mail, fax, or by mail.

Specifically under FCC-E-Rate and Title VI Civil Rights Anti-retaliation Laws, I have been repeatedly denied services, benefits, and accommodations, and berated, harassed, humiliated and discriminated against over and over again for disclosing and reporting information that we "reasonably believe" was/is evidence of:

1. Gross mismanagement of an agency contract or grant relating to stimulus funds;
2. A gross waste of ARRA/ stimulus funds and tax credits ;
3. A substantial and specific danger to public health or safety related to the implementation or use of ARRA/ stimulus funds and tax credits;
4. An abuse of authority related to the implementation or use of stimulus funds; or
5. A violation of Federal, State, Military and Administrative codes, ordinances, laws, rules and/or regulations that governs an agency contract related to ARRA/ Stimulus funds.

Gregory Kelly, Date 5-16-2014

5/16-2014 *gt*
